 - Strategies include:
 - Strengthening communication, particularly those whose home language is not English, Hiring bilingual parent and community liaisons, enhancing its partnership with ABC Latino, expanding the capacity of the district's website, continuing to provide Principal Fireside Chats (will be occurring weekly), developing the Parent Empowerment Center, and developing a community outreach team that will assist with disseminating district information and literature in the community.
- Eleven breakfast and lunch sites have been established for students to receive nutritious meals throughout remote instruction.
- Budget and Finance and Human Resource staff continue to work collaboratively to reinstate instructional staff who unfortunately were impacted by the district's 2020 - 2021 budget shortfall.
